### PRINCIPLES OF RURAL ENERGY DEVELOPMENT

4. The principles of Rural Energy Development shall be as follows that-

- (a) modern energy supply to rural areas promotes growth in economic production and productivity as well as social welfare;
- (b) sustainable development shall be achieved when modern energy services in rural areas are promoted, facilitated and supported through private and community initiative and involvement;
- (c) the role of Government in rural energy service provision is that of a facilitator of activities and investments made by private and community entities;
- (d) the fulfilment of Government's role shall be best managed through an institution that is independent of, but accountable to, the central organs of Government;

Principles  
of Rural  
Energy  
Develop-  
ment

- (e) the public institution designed to facilitate rural energy service provision shall have a small core administrative capacity, and shall rely on the technical and financial capacity of qualified private sector entities; and
- (f) facilitation of rural energy service provision shall take the form of financial support for the capital costs of investments, technical assistance to project preparation, training and other forms of capacity building.

Role of the  
Minister

5.-(1) Subject to other relevant written laws of the United Republic, the duties of the Minister shall be:

- (a) to determine and ensure the formulation, co-ordination and application of the national energy policy as relates to rural Mainland Tanzania;
- (b) to appoint the Board in accordance with this Act; and
- (c) to provide guidance of a policy nature to the Board.

(2) The Minister may, in consultation with the Minister of Finance, execute agreements for the purpose of providing resources to the Fund as provided for in sections 19 and 20 of this Act.

(3) The Minister may amend the First and Second Schedules to this Act on the basis of recommendations made to him by the Board.

15. The objective of the Agency shall be to-

- (a) implement the Board's strategies and decisions in fulfilling the mandate of the Board;
- (b) facilitate provision of technical assistance, research and development, training and other forms of capacity building to qualified developers by suitably qualified experts related to the planning and preparation of a project prior to an application for a grant.

Objectives  
of  
the  
Agency

16.-(1) The Agency shall-

- (a) act as the executive body and Secretariat to the Board, and shall keep all records of the affairs and the meetings of the Board and ensure the implementation of its decisions and directives;
- (b) propose criteria for selecting the Trust Agent of the Fund in accordance with section 23 and recommend such an agent to the Board following a competitive selection process;
- (c) prepare and submit for Board's approval the application procedures, guidelines, selection criteria, standards and terms and conditions for grants.

Functions  
of the  
Agency

(2) The Agency shall select projects for evaluation, and shall contract suitably qualified persons to evaluate the social and economic impacts of these projects.

(3) The Agency shall recommend to the Board projects for approval.

(4) The Agency shall establish an information system to capture and store information on approved and executed projects and without prejudice to the foregoing it shall-

- (a) prepare proposals to the Board for additional means and sources of finance to be used for the benefit of rural energy service provision;
  - (b) ensure the timely collection and deposit of all the funds to be collected from sources specified under this legislation in the account of the Fund;
  - (c) promote the Agency and the Fund to the appropriate local and national government authorities, and facilitate the co-ordination of the activities of the Agency with other rural development activities;
  - (d) facilitate provision of capacity building activities as appropriate in the preparation, installation, operation and management of rural energy systems;
  - (e) facilitate provision of technical assistance by qualified private entities related to technical design, management, financial analysis, project finance and sound business practices to qualified developers;
  - (f) facilitate the preparation and appraisal by qualified private entities of projects applying for grants;
  - (g) facilitate the preparation of bid documents for projects to be competitively tendered to prospective developers; and
  - (h) recommend to the Board award of grants and execution of grant contracts in accordance with established criteria.
- (5) The Agency shall keep accounts and records of its transactions and affairs and shall ensure that all moneys received are properly brought to account and all payments out of its moneys are correctly made and properly authorized and adequate control is maintained over its property and over the incurring of liabilities by the Agency.
- (6) The Agency in collaboration with the relevant authority shall ensure that the relevant applicable environmental standards, if any, are used in designing, constructing, operating and maintaining rural energy systems.

**PART V**

## ESTABLISHMENT OF THE RURAL ENERGY FUND

17. There shall be established a Fund to be known as the Rural Energy Fund for the purpose of providing grants to qualified developers of projects.

Establishment of the Fund

18.-(1) The Fund shall represent the funding mechanism by which the Board shall fulfil its mandate to provide grants to subsidize the capital cost of projects that are developed by private and public entities, co-operatives, and local community organisations.

Mandate of the Fund

(2) The Fund shall provide resources for -

(a) grants towards the capital costs of projects implemented by private and public entities, co-operatives, and local community organisations;

- (e) as fees in respect of programmes, publications, seminars, consultancy services and other services provided by the Agency.

(4) The moneys constituting the Fund shall be placed in an account with a bank to be invested, in such manner as the Board shall deem appropriate, and any income from the investment shall be credited to the Fund.

Special  
Purpose  
Funds

20.-(1) The Minister may, in consultation with the Minister for Finance, execute agreements with development partners setting up Special Purpose Funds for rural energy detailing separate financing arrangements for the Fund.

(2) The agreements made in subsection (1) above shall define the specific modalities for administering the Special Purpose Funds.

(3) The modalities set out under the agreements made under this section shall not be contrary to the general principles established in the First Schedule of this Act for the use of the Fund.

21.-(1) The Board shall be responsible for policy formulation in connection with the Fund and for governance of the Fund.

Management of the Fund

(2) Funds to be paid out of the Fund shall be so paid only with the approval of the Board.

(3) The Agency shall make available to the Fund such facilities and services of such officers as are necessary for the proper and efficient exercise of the functions of the Fund.

(4) Where it considers it desirable to reduce risk or avert threatened loss to the Fund, the Board may take any steps it considers necessary on such terms and conditions as it may prescribe.

22.-(1) The resources of the Fund shall be applied towards-

Use of the Fund

(a) grants to qualified developers;

(b) payment or discharge of the expenses or obligations incurred in connection with the performance of the functions of the Agency and the Board; and

(c) payment of any remuneration or allowances to the members of the Board and employees of the Agency.

(2) Grants made by the Fund to qualified developers may be used to co-finance-

(a) training and other forms of capacity building of qualified developers;

(b) the provision of technical assistance by suitably qualified experts related to the planning and preparation of a project prior to an application for a grant, including pre-investment studies for projects;

(c) the capital costs of a project implemented by a qualified developer; and

(d) investments in innovative pilot and demonstration projects and applications for renewable energy when development partners make special purpose funds available for that purpose.

(3) The Fund may not make grants towards the operating or debt service costs of any project or developer.

Trust  
Agent

23.-(1) The Board shall appoint a Trust Agent who shall be responsible for disbursement of grant payments from the Fund and ensuring that any pre-conditions set by the Board for making a grant payment are met by the developer.

(2) The Trust Agent shall be contracted by the Board through public tender for the procurement of the service where -

(a) banks, accounting firms or similar institutions acceptable to the Board may participate in the tender; and

(b) the contract with the Trust Agent shall not exceed a period of three years at a time.

(3) The Trust Agent shall be responsible for the administration of grant payments, including financial disbursement, verification and monitoring activities.

(4) Details of activities, manner, terms and conditions of grant payments shall be specified in the directives to be issued by the Board and contract documents establishing the relation of the Board and the Trust Agent.

(5) Selection of the Trust Agent shall ensure that the Trust Agent-

(a) is in a position to provide services with a wide geographic coverage across the Mainland Tanzania;

(b) has good knowledge of project finance, including rural financing issues, as well as means to deliver, track and monitor finances;

- 
- (c) is able to make disbursements effectively, while ensuring proper use of funds, with ability to monitor the use of funds in an effective and transparent manner;
- (d) is able to work closely with the Agency under the direction of the Agency and its delegated representatives;
- (e) is able to set up and operate a management information system that enables key parties to access that information to track progress on disbursement and utilisation of funds.
- (6) The Trust Agent shall be paid for its services by the Board.
- (7) The Trust Agent shall be independent of the Fund, and shall prepare periodic financial reports at the request of the Director General.
24. -(1) The annual accounts of the Fund, including expenditures of the Agency, shall be audited by a competent and qualified external auditor appointed by the Board after receiving a recommendation from the Auditor General.
- (2) Donors to the Fund may appoint an auditor of their own choice and at their own expense to audit the accounts of the Fund and Agency if they have a provision of that effect in their agreements to fund the Fund.
- (3) The financial year of the Fund shall commence on the 1st day of July and shall end on the 30th day of June the following year.
- (4) The financial year of the Agency shall be the same as the financial year of the Fund.

---

*(Made Under section 21)*

GUIDELINES FOR MANAGEMENT OF THE FUND

*Procedures and principles for fund allocation*

1. Authorization of the use of the Fund by the Board shall be as follows-
  - (a) financial commitments from the Fund shall be made by signature of the Chairman of the Board co-signed by one other member of the Board and the Director General;
  - (b) financial commitments of the Agency within the annual budget shall be made by signature of the Director General co-signed by the officer of the Agency in charge of the accounting function.
2. The selection of projects for funding and the calculation of the level of grant to a project shall be done on the basis of published criteria at the beginning of each financial year, indicating-
  - (i) schedules of grants for different categories of investments;
  - (ii) project and developer eligibility criteria; and
  - (iii) the procedures for the submission and processing of applications to the Fund.
3. For purposes of regional equity, the Board may differentiate grants by region and location.

*Processing of Fund applications from locally initiated projects*

4. At the beginning of each financial year, the Agency shall issue a notice by way of advertisement inviting developers to submit applications for grant support for projects.

5. The applications shall be assessed by the Agency against the published eligibility criteria and recommendations prepared on eligibility for grant funding and the level of grant that may be awarded.

6. The results of the assessment made under paragraph 5 above together with the Agency's recommendations, shall be submitted to the Board for approval.

7. The Board may delegate its authority with respect to grant allocations to the Director-General for a award of grants below a level that is specified by the Board and revised on an annual basis.

8. Within five days of the Board entering into a grant contract with a Developer, the Director General shall send a copy thereof to the Trust Agent instructing the Trust Agent to make grant payments to the project developer in accordance with conditions set out in the grant contract.

*Tenders for National Priority Rural Energy Projects*

9. The Agency shall prepare pre-feasibility studies for priority projects identified by the Board.

10. The anticipated grant for a priority project shall be estimated by the Agency on the basis of the investment programme defined in the pre-feasibility study and the adopted schedule of grants for the particular year.

11. Priority projects shall be tendered to potential developers through an open and competitive tender process in which the evaluation criteria are specified in the tender documents.

12. The required investment program shall be included in the bidding documents for the tender.

13. The Agency shall review all proposals received from potential developers, and shall evaluate these proposals against the evaluation criteria published in the tender documents; and shall submit a recommendation on the selected developer to the Board.

14. Subject to the Boards approval, the Agency shall negotiate a grant contract with the preferred developer.

*The Grant Contract*

15. The content of a grant contract shall be in accordance with any conditions established by the Board.

16. The information to be included in a grant contract shall include but not be limited to -

- (a) a description of the project;

- (b) the place of execution of the project;
- (c) a report on the financial status of the developer;
- (d) anticipated financing arrangements for the project including the developer's own equity contribution and sources and conditions of loan finance;
- (c) the disbursement schedule for grant payments set against project development milestones;
- (f) mechanisms for project supervision and control, including regular reporting requirements during the implementation of the investment programme;
- (g) specification of any guarantees as required by the Board;
- (h) a mechanism and process to transfer the grant contract to another entity where the ownership of the project is transferred to another entity during the period in which the grant contract is valid;
- (i) description of consequences and procedures in case of non-fulfilment of the investment programme.

17. Where the developer is required to obtain a licence or authorisation from EWURA, the grant contract shall have the award of such a licence or authorisation as a condition precedent; and the Board shall be absolved from making any grant payments should the developer's licence be withdrawn or suspended.

*Procedures for the Trust Agent*

18. The Trust Agent shall disburse payments according to the schedules established in the grant contracts.

19. The Trust Agent shall employ its own staff or consultants to verify the progress of the project against the milestones established in the grant contract for disbursement of funds to the developer.

20. The Trust Agent shall verify that the equipment, materials, installations and other activities set out in the grant contract have been installed and are in accordance with any terms, conditions and standards as set out in the grant contract.

*Verification by the Agency*

21. Where directed by the Board, the Trust Agent shall undertake an independent verification of project completion at the time of commissioning and shall verify that the project is in compliance with any terms, conditions and standards set out in the grant contract.

## SECOND SCHEDULE

(Made under section 10(1))

## PROCEEDINGS OF MEETINGS OF THE BOARD

*Meetings*

1. The Board shall meet at least four times a year and at such other times as may be necessary or expedient for the transaction of its business.

2. All meetings of the Board shall be convened by the Secretary to the Board or where the Secretary is incapacitated, the Chairman, who shall appoint a suitable time, place and date for the holding of each meeting.

3. The Secretary shall convene a special meeting of the Board on a request in writing signed by not less than five members of the Board for such a meeting and shall cause the meeting to be held within twenty-one days of the receipt by him of such request.

4. Except in the case of a special meeting, a Board meeting shall be convened with at least five days notice in writing, specifying the business to be transacted at the meeting, and written notice of the convening of the meeting shall be given to every member of the Board.

5. Any member of the Board with a Commercial interest in any business to be transacted at the meeting shall notify the Chairman and Secretary to the Board and shall excuse himself from that portion of the meeting where that business is discussed.

6. The Chairman shall preside at the meeting of the Board and in the absence of the Chairman the members present at the meeting shall elect one of their number to be an interim Chairman,

7. Minutes in proper form of each meeting of the Board shall be kept and shall be confirmed by the Board at its next meeting and signed by the Chairman of the meeting.

*Quorum and decision making*

8. Five members of the Board shall constitute a quorum at any meeting.

9. All acts, matters and items authorised by the Board shall be decided by resolution at a meeting of the Board at which there is a quorum.

10. A decision approved by voting by the majority of members present at a meeting of the Board shall be deemed to be a decision of the Board.

11. Every member of the Board, excluding ex-officio members, shall have one vote and in the event of an equality of votes the Chairman of the meeting shall have a second or casting vote in addition to his deliberative vote.

12. Notwithstanding the provisions of this Schedule, where the Chairman so directs a decision may be made by the Board without a meeting by circulation of the relevant papers among all the members and the expression in writing of their views, but any member shall be entitled to require that any such decision be deferred until the subject matter shall be considered at a meeting of the Board.

13. Subject to the provisions of this Schedule relating to quorum, the Board may act notwithstanding any vacancy in the membership thereof and no act or proceeding of the Board shall be invalid by reason only of some defect in the appointment of a member or a person who purports to be a member.

*Power to regulate procedure*

14. The Board shall have power to regulate its own procedure and may from time to time make standing orders providing for all matters relating to the meetings of the Board and the proper conduct of its business.

*Agency seal*

15. All deeds, instruments, contracts and other documents shall be deemed to be duly executed by or on behalf of the Board -

- (a) if sealed with the seal of the Board and signed by the Chairman and the Secretary of the Board; or
- (b) if sealed with the seal of the Board and signed by the Director General and two members of the Board; or
- (c) if sealed with the seal of the Board and signed by one member of the Board and the Secretary both of whom have been authorised by the Board for the purpose.

Passed in the National Assembly on the 18<sup>th</sup> April, 2005.
